Number 49

Local Happenings

Reported by Elsie Mitchell

Mr. and Mrs. R.W. Tollestrup and Mr. and Mrs. Thomas Allen spent the holiday week end in Great Falls. Orin Tollestrup and Ted Allen accompanied them.

Mr. and Mrs. Frank Leavitt are Raymond visitors this week.

Marilyn and Carolyn Taylor spent the holidays in Calgary visiting their sister Mrs. Byron Anderson.

Fireside was enjoyed by a number of Juniors and Senior Scouts Sunday evening at the home of Mr. and Mrs. Ira McBride and the serving of a lovely lunch made up a pleasant evening.

Mr. and Mrs. D. L. Paxman, Miss Lavana Paxman and Mrs. Marlen Alfred attended the funeral in Cardston Friday of Mrs. Selby.

Mr. and Mrs. Doug Paxman were guests at a party Easter Monday at the home of Mr. and Mrs. John Perley in Magrath.

Miss Merrill Pates of Lethbridge and Miss Roberta Coy of Calgary spent last week end visiting at the home of Mr. and Mrs. T.W. Meldrum.

Craig, three year old son of Mr. and Mrs. C. R. Bennett is recovering nicely from a tonsillotomy.

Mr. and Mrs. Charles Tillack are the proud parents of a son born last week at the local hospital.

Peter Bartosoff returned home recently from the Holy Cross hospital in Calgary where he underwent an operation for a tumor in his foot. He is recovering nicely.

The Misses Bernice and Thelma Piteher are spending the Easter at their home in Cardston.

Mr. and Mrs. D.L. Paxman entertained at a family party Sunday in honor of Mr. and Mrs. Roscoe Baker and family prior to their leaving for Liangely Prairie B.C.

The High School A Team enjoyed a trip to Great Falls over the week end.

Gordon and Dean Cooper visited in Cardston for the holidays.

Miss Lorraine Shaw and Miss Margaret spent Easter at the home of Miss. Tilly Valgardson at Taber.

BORN—To Mr. and Mrs. Calvin Richardson, a son.

Miss Susie Ancea visited with her sister in Drumheller over the holiday week end.

Donald Williams was home from Calgary for Easter visiting his parents Mr. and Mrs. S.B. Williams.

Miss Newana Woolf of Cardston has been visiting her uncle Rayo Woolf and Mrs. Woolf, also her aunt Mrs. Geneva Larson.

Mrs. E. J. Richardson had as her guest during Easter her daughter and husband Mr. and Mrs. Sam Tynan of Calgary.

Miss Beth Pollis and her small brother Robert spent Easter in Medicine Hat with relatives.

Josephine Litchfield and Bernice Litchfield, teachers at Magrath and Stirling, spent the holidays at home.

The Misses Jan Heninger and Myra Dahl returned to their school in Logan and Provo Utah.

Mr. and Mrs. Areble Terry motored to Great Falls last week end taking some of the H.S. school A team with them.

Mr. and Mrs. Roscoe Baker and family left Thursday for Liangely Prairie, B.C. to make their new home.

Mr. and Mrs. Floyd Larson and family are spending the Easter holidays visiting friends and relatives here.

Glen Bullock was home from Calgary to spend the holiday week end with his family.

The congregation of the United Church regret the departure of Mr. and Mrs. Wilkinson and daughter Marjorie who left Monday for their new home at Janison. Mrs. Wilkinson was an enthusiastic worker in both the Sunday School and Womens Auxiliary and will be missed by all. Our well wishes go with this family to their new home.

The special Easter service in the United Church were well attended. Rev. A. E. Larkie, in his usual quiet the forceful manner spoke in great sincerity on the resurrection. Mr. Thomas Roberts, accompanied by Mrs. Emma Dahl sang the beautiful old favorite, The Holy City.

BORN—To Mr. and Mrs. Ralph Maxwell, twin boys. One of the twins died soon after birth. Mr. and Mrs. Maxwell live on the farm of Wm. Wilde.

Mr. and Mrs. Paul Redd motored to Great Falls over the week end.

Mr. and Mrs. Kelly Nemeth are moving to Rosemary to make their home where they have purchased a

Miss Dorothy Shroug and Mrs. Emma Webster left by plane Thursday for the coast where they will visit for some time. Mrs. Webster will visit her brother Harry Penn in New Westminster. Mr. Penn is a former Raymond resident.

Miss Nancy Bradshaw and Mrs. Goldie Sholtz of the Treasury branch staff spent the holiday weekend in Calgary.

Mr. A. C. King motored to Calgary Friday for the weekend.

Don't forget the Spring Tea, Bazaar and Rummage Sale in the United Church, Saturday April 12. Everyone is welcome.

The members of the Womens Auxiliary met at the home of Mrs. Tom Allen on Thursday, April 3rd. The president, Hilda Wilde was in the chair. Arrangements were completed for the Tea and Bazaar to be held Saturday, April 12. The door prize was won by Mrs. Ethel Harney. Following the business a dainty lunch was served by Mrs. Allen, assisted by Mrs. Wilde. The May meeting will be held at the home of Mrs. Norma Zobel.

The marriage of Miss Rosemary Russell, R. N., of Lethbridge, Saturday evening was of interest to many Raymond people. Miss Russell, a niece of Mrs. Harris Walker and Mrs. Fred Piegrass was matron of the Mental Hospital here for a short time.

A goodly sum was realized when the Raymond First Ward sponsored a supper and program Wednesday evening. The proceeds are to be used in purchasing a new organ for the church.

Miss Barbara Schneider, nurse in training at Salt Lake returned to her duties after a weeks holiday with parents Mr. and Mrs. Paul Schneider.

Mrs. Joy Isaacson returned to her work in Edmonton after spending the week end with her family here.

Miss Marilyn Holmes and Mr. Harold Kearl of Calgary spent the Easter week end at the home of Miss Holmes parents, Mr. and Mrs. Myron Holmes.

CENTENNIAL CELEBRATED

The Taylor Stake M.L.A. are to be congratulated on the wonderful program, "The Centennial Celebration". One hundred years of dancing, presented Friday evening in the Opera House.

Each Ward in the Stake took part and over 500 people attended this

outstanding event.

Old time dances and dancers in old time costumes were very much enjoyed. These were demonstrated by the Special Interest Groups, Bee Hive Girls, Scouts, Juniors, M Men and Gleaners all taking part and the beautiful gowns of the ladies added much to the affair.

Beautiful tableaux and demonstrations of a hand craft company crossing the plains all added much to the evenings entertainment.

Mr. and Mrs. L.D. King were honored as the couple who were the first M.L.A. workers in Canada and who have spent over forty years in M.L.A. work. Mrs. King was presented with a lovely corsage. Also honored was Mrs. Joseph Nilsson who was one of the first queens of M.L.A.

Mr. Bruce Gibb of Hillspring was responsible for the lighting which added so much to the beautiful affair.

ROTE

SPOKES

NEWS ITEMS FROM ROTARY

When a man dies young, he blames the Gods. When he is old and does not die, he blames the Gods because he suffers when he ought to have already ceased from suffering. And nevertheless, when death approaches, he wishes to live, and sends to the physician and entreats him to omit no care or trouble. Wonderful are men, who are neither willing to live nor die.

Speaking of life and death reminds us that Shakespeare divided the ages of man into seven, but Moritz Rosen that recognizes only three. Speaking from the shady side of life "A man is young if a lady can make him happy or unhappy. He comes to middle age when she can make him happy, but can no longer make him unhappy. He is old when a lady can make him neither happy nor unhappy."

What category do you fall into Rotarians?

Monday, March 31, our Rotary took the form of a "Ladies' Night". We met at the home of Rotarian T. George Wood at 7:30. Sixteen Rotarians enjoyed the evening. We missed Rotes S. King, Alma Hancock, H. Melchin, Louis Brandy, Mose Fromm and Lee Brewerton. No wets see, I wonder why they were numbered among the missing—I suppose Shirley was "play practicing". Alma busy marrying off his daughter, Howard trying out the new Chrysler Louis heading south for Conference Mose still nursing his energy and Lee busy at the theatre. No matter how you look at it that gives an attendance percentage of 72.7 %. The district Governor's letter shows our February attendance average 83.33 placing us in the eighteenth slot out of 23 clubs in district 116. Come on fellows lets keep in the high ten.

You fellows who were not there missed a trip to South America; for Ralph Thompson of Spring Coolee with his wife as narrator, showed us SMM Technicolor films of a trip they took to South America during the winter of 38 and 39.

Leaving from New Orleans and travelling by boat they touched in worked down the west coast to S. America, Lima Valparaiso, across by train to Santiago, then visited Buenos Aires, Santos, Coffe capital of the world and beautiful Rio. Travelling back up the east coast they arrived again in New Orleans after an elapsed time of 58 days.

The narrating and explanations by Mrs. Thompson were extremely interesting and informative. The technicolor of the films projected by Mr. Thompson showed to great advantage the scenic beauties of our far Southern neighbors. Thanks to Mr. and Mrs. Ralph Thompson for an evening well spent and welcome back at any time. Acknowledgment is also due Jim Meeks for his part in arranging the program.

Owing to the international nature of the program refreshments were capably served by Scott Salmon and Tom Wood of the International Service Committee. Our next meeting will be same time, same place April 14th. So until next week this is your Rote Reporter who says: "Remember, shyness is often to blame for what seems to be personal antagonism."

MORNING NUPTIALS

On Wednesday, April 2, at 11 a.m. at the home of the brides parents the marriage of Dorine Ella, eldest daughter of Mr. and Mrs. Alma E. Hancock and Floyd A. Harrison, third son of Mr. and Mrs. L. Harrison of Magrath, was solemnized, Bishop L.L. Palmer performing the ceremony.

The bride entering on the arm of her father was lovely in a floor length gown of white sheer with full length veil and coronet. Her bouquet was of roses.

Miss Lillian Cook, as maid of honor, was in a floor length frock of pink nylon, with corsage of pink and white carnations. The six bridesmaids, the Misses Dona and Mona Palmer, Marguerite Graham, Willa Rae Erickson, Marie Dahl and Jean Kitchen chose floor length gown in pastel shades and corsages of daffodils.

The best man was Leland Harrison, brother of the groom.

During the signing of the register Miss Mona Palmer sang "Always".

Many guests attended the reception held in the evening in the 2nd Ward Reception Hall. Baskets of daffodils and yellow tapers decorated the hall and the brides table was centered with a beautiful three tiered wedding cake.

For her going away costume the bride chose a gold suit with aqua blouse and top coat with black accessories and red corsage. The honeymoon was spent in Calgary.

Out of town guests included Mr. and Mrs. Leland Harrison, Mr. and Mrs. George Loxton, Mr. and Mrs. G. Dagle, Mr. and Mrs. B. Strong all of Magrath and Mr. and Mrs. H. Christensen, Mr. and Mrs. A. Christensen of Stirling and Mr. and Mrs. Leland Harrison Jr. of Lethbridge.

Mr. and Mrs. Harrison will make their home in Raymond.

Mr. Pim Passes By

There will be a three act play presented in the First Ward Hall on the 17 and 18 of April. On the bottom of the play bills you will have noticed, if you have looked that the whole thing is for cemetery benefit. Be kind that simple statement lies a long story.

In the days when there was an U. F.W.A., the ladies of that organization took exception to the unkempt appearance of our cemetery and so they sent a delegation of their members to the Council of the Town of Raymond to see what could be done. That astute body, after due consideration, decided to appoint a committee or board to have charge of the cemetery grounds. This board consisted of 2 persons from each side of Broadway, one from the United Church and 2 from Welling. The personnel of the board has altered with the passing of the years but the work has remained virtually the same.

The biggest job undertaken by this body to date has been the straightening out of the books, a job made very complicated by the multitudinous errors remaining uncorrected for an unguessed length of time. In this connection, citizens of Raymond and district are asked to co-operate by taking their copies of titles of lots owned in the cemetery to the Library for checking, as in some cases two or more families seem to own the same lot.

Another job undertaken by the board was the maintenance of a Sexton during the 4 months of summer. This year the board has decided against the cost of keeping a sexton so that one has not been appointed. Due to the carelessness of some of the people who have done their own work at the cemetery, some graves are out of line, some are spaced so far apart that they inconvenience others, therefore it has been decided that only the sexton will be allowed to dig graves and that a suitable fee will be charged for this work.

Anyone who has visited the cemetery will no doubt retain an unpleasant memory of wind blown soil, brown grass and gopher holes. All this is soon to be changed with the laying of a surface pipeline from Reservoir Lake (Shaefer's Lake) to the cemetery. Water will be pumped by a Pacific pump with a Wisconsin gasoline drive engine into a three inch pipeline. To gain pressure this will be connected to a two inch line which will run to the cemetery where it will be split into a network of one inch lines for distribution. There it will be forced through a sufficient number of bird sprays to irrigate the entire cemetery. A strip of land along the west side of the cemetery has been purchased on which a wind break will be planted. This will keep away drift soil and with the wind and drought conquered the gophers should be an easy pest to control.

All this has been done and is in the process of being done for the benefit of the community as a whole, but as is usual in every good line of endeavor there is one serious drawback—money. Therefore there has been brought into being a play that is not only tops in entertainment but is also a small contribution to a very worthy project. The name of the play is "Mr. Pim Passes By", the cast are all Raymond folk who have given generously of their time and talent to bring the play to you. If you like the best in entertainment we urge you to set aside one day next Thursday or Friday to see "Mr. Pim Passes By".

The Magrath Lions Club is sponsoring Lion Charlie Matkin for the position of District Governor of District 37, Lions International. The election will take place at the Lions district Convention which will be held in Great Falls on June 19th. Lion Charlie has been one of the Magrath Clubs most enthusiastic members and the Club is proud to nominate him for this responsible position. The Magrath club is soliciting the support of all Lions for the election of its candidate Lion C. S. Matkin. Courtesy Garden City Times

Easter Monday the Winnipeg St. Andrews landed with a roar on the Opera House floor to show the Jacks a clean set of heels in the first of a two game total point series in the play downs for the Canada Amateur Championships.

The game was fast and fairly clean but the superior long shooting ability of the Winnipegites put them out in front in an early lead which they kept throughout the game.

The second game was even faster and not nearly so one sided as the first, as the Jacks found their pace and caught their breath and played one of the best games ever played on the Opera House floor, which has seen plenty of good ball hits time.

This game was not nearly so clean as the first and showed an amazing number of fouls chalked up against both teams. Once again it was the long shots of the Eastern Team that carried the day by a meagre 3 point margin.

Score for the first game 63-53, the second 52-56, to give the St. Andrews team a 13 point right to play the finals in Vancouver.

We think the Jacks did a very fine job against a very fine team, and can only look forward with pleasure to the time next year when we hope the Jacks will again be in play-off position.

We have the individual scores, fouls, etc for the first game but due to the illness of Vely Heggie we have been unable to obtain more than the individual scores for the second game. They follow at the end of this column.

A very interesting preliminary was played before the main event Tuesday nit when the two R.H.S. teams, Alberta champs both, showed their skill and spirit against each other. The A team won the game with a comfortable margin.

At all time in the rosin tilt, Dr. Harris Walker, in his capacity as District organizer for the A.A.A.A. presented the B team with the Alberta Championship trophy. He briefly reviewed their record which we ran last week and the crowd gave the boys a big hand. Congrats again boys.

Welling NEWS NOTES

by Mrs. E. K. Bullock

Mr. Loren Neken and family spent the Easter week end visiting friends and relatives at Hill Spring.

Mr. and Mrs. Shupson and daughter of Calgary were guests at the J. Weinheimer home for Easter. Before returning home they went to the U. S. for a few days taking Miss Edith Weinheimer with them.

A party of hunters from Raymond were in Welling Sunday and while here Allen Jensen had the misfortune of being shot through the leg. He is now in the Raymond hospital.

A social will be held in the church Wednesday evening honoring Roscoe Baker and family. They are moving to the coast for Mr. Baker's health.

An interesting Easter program was given in Sunday School Sunday morning. Talks and stories were given by Jessie Chipman Jean Mehew, Mildred Wilde, Joyce Wilde and Lynn Beaumatt, songs by Mr. and Mrs. Marcell Wilde, and Ray Bullock. Music at the organ and piano was furnished by Mrs. Lillian Chipman and Edith Wilde.

Mr. A.A. Wilde is included also in the list of those attending general conference at Salt Lake City.

Miss Margaret Holland is spending the Easter holiday with her parents. Miss Holland is employed in Calgary.

Mr. and Mrs. Dale Earl and son Maunie are visiting at Mountain View during the holidays.

A National Outlook

A GREAT DEAL HAS BEEN HEARD in Canada in recent years concerning the need for strengthening the bonds of unity between the provinces and promoting the growth of a truly national outlook. In a country where distances are as great as they are here, and where the climate and the nature of the land vary greatly in different localities. It is to be expected that there should be a tendency towards sectionalism and that national problems should be more numerous than in a more compact country. It could not be said that there is any great degree of intolerance among the people of Canada today, nor that there is a serious lack of national unity. However, anything which can be done to destroy such intolerance as does exist, and to promote unity of thought and purpose should receive public encouragement and support.

Would Promote National Unity

At a recent meeting of the board of directors of the Canadian Teacher's Federation a resolution was passed asking the collaboration of the Canadian Education Association in establishing a teacher's certificate which would be acceptable to all the provinces. This motion will come up for consideration at the annual convention of the Canadian Teacher's Federation in Halifax next August. Miss Ethel Cappinger of Saskatoon, president, said that the federation would like to see the establishment of a standard of teacher training high enough to meet the requirements of all the provinces. It would appear that such a move should do much to improve the standard of education throughout the country and to promote a broader outlook among both teachers and pupils. At the present time, because of the fact that teacher's certificates are acceptable only in the province in which they are issued, there is relatively little movement of teachers from one section of the country to another.

Education Is A Powerful Force

There is no place where there is greater opportunity for planting the seeds of tolerance and understanding than in the school room, and standardization of teacher training should help to encourage a common viewpoint among Canada's future citizens. Many educationalists are of the opinion that efforts should also be made to eliminate the differences in curriculum between the school systems of the nine provinces. Such an undertaking would be beset by many difficulties, but like the standardization of teacher's qualifications it would undoubtedly do much to promote understanding and to further Canadian unity in the years to come. Education is a powerful force in the building of any nation. In some parts of Canada too little interest and support have been given to the building of proper schools and to such matters as the training of teachers and the provision of adequate salaries for them. We are now in what is called a period of reconstruction, and it would be well to give a share of our attention to education at this time, and to encourage any efforts which are made to increase the contribution which our schools make to the welfare of the nation.

GARDEN NOTES

Most For Your Space

Where the vegetable garden is small, big growing things like corn, peas, tomatoes, potatoes and other large vegetables create a special problem. Unlike lettuce, spinach, beets, beans, carrots, etc., which can be fitted into rows only 12 to 15 inches apart if necessary, these others take up twice or more than that room. Corn, tomatoes and potatoes need from 18 inches to 2 feet between hills or plants, and if one is to have enough green peas for a meal from each picking then at least 30 feet of row and preferably 50 feet, will be necessary.

Those gardeners with only a plot 20 feet or so each way usually decide

after some experience to abandon potato growing altogether. There are other things that take up less room and yield far more. The other three vegetables mentioned, however, should not be given up without more consideration. The quality of peas and corn right out of the garden cannot be duplicated. A distinct change takes place in both vegetables in from two to four hours after picking, the sugars changing to starches.

Thinning Is Important

After the first seeds are started the next major job is thinning and spacing. This is vital work and applies to either flowers or vegetables. Crowded flowers will grow thin and spindly, will not bloom freely and the biggest plants will topple over in the first storm. They should have half as much room between as they will grow tall. This means about 4 to 5 inches for things like nasturtiums, less for alyssum, much more for tall marigolds, cosmos or spider plants.

With the smaller vegetables a couple of inches between plants is sufficient. This applies to leaf lettuce, early carrots, beets, etc. Beans and peas should have from 4 to 6 inches between plants, and as all the seed usually germinates it should be planted about this far apart. Rows should be from 15 inches to 2 feet apart. Corn is usually planted 3 to 6 seeds to a hill, about 18 inches apart each way, or rows 2 to 3 feet apart. Tomato plants require at least 18 inches each way, melons, squash and cucumbers three plants to a hill and hills about 2 to 3 feet apart.

Special Flowers

Listed in any good seed catalogue will be flowers that fit special locations. Some like portulaca do best in blazing sun and poor soil, some like damp spots, a large number prefer partial shade and a few actually thrive best in a dark corner. The tuberous rooted begonia is in this class and it produces brilliant flowers too. When planning any layout it is well to note special characteristics.

Sea oranges are animals. They belong to the sponge family and are found in the Gulf of Maine.

SWEETER TASTIER White Bread

RECIPE

Put 1 c. lukewarm water in bread bowl, add 1 envelope Royal Fast Rising Dry Yeast and 1 tsp. sugar, stir; let stand 10 min. Scald 2 c. milk, add 5 tbs. sugar; add 5 tsp. salt; cool to lukewarm. Add to yeast with 1 c. water; add 6 c. sifted flour; beat well. Add 5 tbs. melted shortening and 6 c. more sifted flour, or enough to make easily handled dough. Knead dough quickly and lightly until smooth and elastic. Place dough in greased bowl, cover; set in warm place, free from draft. Let rise until doubled in bulk. Punch dough down in bowl; let rise again until about $\frac{3}{4}$ as high as first rise. When light, divide into 4 equal portions; shape into balls. Cover with cloth; let rest 10 to 15 min. Shape into loaves; place in greased bread pans. Cover; let rise until doubled in bulk, about 1 hour. Bake in 425° F. oven for 15 min., then reduce heat to 375° F. Finish baking about 30 min. longer.

MOUNTED POLICE SEEKING BANDSMEN FOR MUSICAL RIDE

The Royal Canadian Mounted Police is reviving its musical-ride feature and Inspector J. T. Brown, director of music, is on a recruiting mission to bring the R.C.M.P. band to authorized strength of 46 musicians.

Practises for the musical ride have already started at Rockcliffe Barracks after a call had been issued for volunteers for the "team" from the personnel of the force. A full complement of candidates has been obtained and both men and horses are already in training. The post-war revival of the ride will mean the return of the feature of a number of exhibitions and horse shows later this year.

The R.C.M.P. band is slated to make a number of appearances at fairs in both Canada and the United States.

FUNNY And OTHERWISE

Tourist: "Any big men born around here?"

Native: "Nope. Not very progressive 'round here, best we kin do is babies. Diff'rent in the city, I s'pose."

Conceited Young Man: "Have you an opening for an intelligent man with a university education?"

Businessman: "Yes. And don't slam it as you go out."

The former vicar and his wife decided to attend the church social of his old parish. The new vicar greeted his predecessor heartily.

"I'm very pleased to see you again," he said. "And is this your most charming wife?"

The other vicar fixed his host with an accusing stare.

"This," he said reprovingly, "is my only wife."

B. F.: "I think you're the most beautiful girl in the world."

G. F.: "Oh, you'd say so even if you didn't think so."

B. F.: "That makes me even—you'd think so, even if I didn't say so."

"People who live in these apartment buildings don't know anything about each other, I hear," said the man from the country.

"No," replied the flat dweller, "but you can't have cabbage for dinner without everybody else in the building finding it out."

Teacher: "Tommy, why is your composition on milk only half a page when I asked for two pages?"

Tommy: "Well, you see, I wrote about condensed milk."

Two office boys were discussing business.

"Have you got a good job?" asked one.

"Yes," came the prompt reply. "I can get to the office any time I choose before nine and leave just when I please after six."

The seven ages of women are:

The infant, the little girl, the miss, the young woman, the young woman, the young woman, the young woman.

Smith: "So you're setting your boy up in the bakery business?"

Jones: "Yes, he's so keen on dough and such a swell loafer that I'm sure he'll rise in the business."

Judge—Haven't I seen you before?

Tailor—Maybe. So many men owe me money I can't remember their faces.

"Last week a grain of sand got into my wife's eye and she had to go to the doctor. It cost me \$5."

"That's nothing. Last week a fur coat got into my wife's eye and it cost me \$500."

GEMS OF THOUGHT

GREATNESS

Greatness is a spiritual condition worthy to excite love, interest, and admiration; and the outward proof of possessing greatness is, that we excite love, interest, and admiration.—Matthew Arnold.

A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness.—Daniel Webster.

The study of God's word, for the purpose of discovering God's will, is the secret discipline which has formed the greatest characters.—J. W. Alexander.

If any man seeks for greatness, let him forget greatness and ask for truth, and he will find both.—Horace Mann.

Nothing can make a man truly great but being truly good, and partaking of God's holiness.—Matthew Henry.

The sun is 400 times as large as the moon.

FOOD RIOT IN DUSSELDORF

A food riot is being staged by 100,000 in Dusseldorf, one of the most heavily bombed cities in Germany. It is not an uncommon sight to see soup lines or a child, such as the one above, begging for food on the streets. British tomnies were booed and a military car was overthrown in the lake by the mob which gathered in a public park to protest the lack of food. The daily ration is far below the Canadian standard.

SELECTED RECIPES

PIE CRUST HELPS

For each 2-crust pie allow:
2½ cups sifted flour
1½ teaspoon baking powder
½ to 1 teaspoon salt
¾ cup cold shortening
¾ cup cold water (about)

Sift flour once, measure, add baking powder and salt, and sift together into bowl. Cut in shortening until pieces are about the size of small peas. Use two knives or a wire pastry blender for this.

Add water, a small amount at a time, mixing lightly with a fork. Press into a ball. Cover and chill before rolling.

Roll out on a lightly floured board to ¼-inch thickness. Bake pastry in a hot oven (450 deg. F.). Makes enough for one 9-inch 2-crust pie or two 9-inch shells.

1. Keep pastry cold if you want it flaky.
2. Handle and roll as little as possible.
3. Roll lightly, using as little flour as possible. Roll from the centre of the dough out and up—not back and forth. Let the rolling pin do the work.
4. If you can, use pastry cloth over the board and rolling pin. These hold the rolled pastry and lessen the amount of flour and rolling needed.
5. Try making unbaked pie shell the day before filling and baking. Pastry will be more crisp.
6. You can make up 2-crust pies ahead of time and bake them fresh for evening or even on the next day.

To Feel Right — Eat Right!

SEASON FOR DUCK HUNTING MAY BE SHORTENED THIS FALL

OTTAWA.—Canadian hunters will be able to go duck-hunting this fall despite a National Audubon society proposal in Washington for a one-year moratorium on hunting of migratory fowl in North America.

However, officials of the wild life protection division, mines and resources department, warn that the duck situation is becoming "rapidly worse".

The season "probably" will be shorter than last year and the "bag" reduced.

The department is awaiting reports on the winter's bird survey, upon which to base the quotas and length of season for 1947. Annual regulations are announced in July.

In January, 1946, there were an estimated 80,000,000 ducks in Canada compared with 105,000,000 for the corresponding period of the previous year. During the war when hunters were few, the duck population jumped to 140,000,000.

Last year's count of geese in Canada was approximately 1,500,000, a drop of some 500,000 from 1945.

Female Racketeers Pose As Servants

VANCOUVER.—The public relations department of the Unemployment Insurance Commission reported that female racketeers, posing as domestic servants, have been cheating housewives of considerable sums of money.

The women, who claim they are "recommended by Selective Service," apply for a job and ask for an advance of wages, officials said. Many householders have advanced as much as \$25, and they see no more of the so-called household worker.

Canadian Beauties To Compete For "Miss America"

ATLANTIC CITY, N.J.—Beauties from nine provinces of Canada and from Mexico will compete for the first time this September in the annual Miss America beauty pageant.

The board of directors of the pageant said the new entrants would bring the field to about 60, making it the largest in the pageant's history.

A spider's web is used as a fishing net by natives of New Guinea. They bend a bamboo into a loop and set it up in the forest until it is covered with a web.

More Profits For Livestock Producers Seen

BRANDON, Man.—Agriculture Minister Gardiner said that even at the present prices for coarse grains western farmers could make more money by feeding their grain to livestock than by selling it.

He told a service club luncheon that the government "could have coerced western farmers into producing more livestock products by keeping down the returns for their grain" even below the present level and "increasing the returns for livestock. But we are not coercing him to do anything."

Mr. Gardiner said he realized that many farmers did not have the labor to feed stock, but western producers of feed grain were entitled to their increase whether they desired to make more money by feeding hogs or not.

In order to prevent surplus production in Canada from depressing the domestic price he said that in future Canada would have to export 70 per cent. of its cheese, 50 per cent. of its apples, 50 per cent. of its wheat and all surplus canned and boneless beef. Additionally, it should produce enough hogs to be able to sell 50 per cent. to Great Britain if agriculturalists in the Dominion were to be prosperous.

The only two markets Mr. Gardiner said he knew of where these surpluses could be sold were the United States and the United Kingdom. The former had in the past retained its markets for its own farmers and there was every indication that it would continue to do so.

Great Britain, on the other hand, was urging Canada to supply its market and was prepared to contract for years in advance on quantity.

The present British government, he said, was carrying on a policy established in 1932 of guaranteeing returns to farmers in advance of seedling.

"In my opinion there is greater stability offered British farmers under that policy than is offered to farmers elsewhere. We, by tying the sale of our surpluses to their plan will not only stabilize the returns on the sale of our surpluses but also on the product sold at home."

BRITAIN ANXIOUS FOR SOVIET TRADE

MOSCOW.—Britain is keenly interested at this time in re-establishing trade with Russia and would be extremely pleased if negotiations could be opened before long, it was learned.

At the same time, British sources denied as "utter nonsense" American reports from Moscow that Premier Stalin has offered Foreign Secretary Bevin economic aid for the United Kingdom.

The American reports on economic aid for Britain, purported to be a leak from the Stalin-Bevin interview in the Kremlin last week, caused a big stir here but a high British source said no request for aid has been made and none has been offered. Not a word has been disclosed officially here about the subjects discussed at the meeting.

British circles, however, make no secret of their desire for Anglo-Soviet trade. Statements have been made in the house of commons in London during the last few months on this, and the British delegation here for the foreign ministers' conference certainly would seize on any opportunity which offered to start the ball rolling.

Jack Miner National Wild Life Week

A Bill to make the week of April 10th, each year, known as the Jack Miner National Wild Life Week has been introduced in the House of Commons, Ottawa.

April 10th, was the birthday date of the late Jack Miner. It is the season of the year when the birds are returning to Canada so it is appropriate to name it the Jack Miner Wild Life Week. It is not meant to be a holiday season, but a period during which school children will study the value of Bird Life and its Conservation and a day when service clubs might sponsor bird house building campaigns etc., it would be a living tribute to the late "Uncle Jack" and at the same time the citizens would benefit from the results at no cost to the country.

The bill has been introduced by Hon. John R. MacNicol, M.P., Conservative and seconded by Mr. E. J. Bradette, Liberal and has the unanimous support of Hon. John Bracken, M.P., and the Conservative party; Hon. Solon Low, M.P., and the Social Crediters, and Hon. Mr. M. J. Coldwell, M.P., and the C.C.F. party.

Editor's suggestion — Any reader interested in seeing this bill put through can help by writing or wiring the local member and saying so. The debate will likely take place April 16, 17, 18, right after the Parliamentary recess.)

MARSHALL IN MOSCOW—Standing with serious mien at the doorway from the main ballroom, U.S. secretary of State Gen. George C. Marshall, wearing a Russian decoration, is shown scanning the festivities of the first formal dinner to the Big Four foreign ministers before leaving. Secretary of State Marshall was later reported as being deeply displeased with the lack of progress of the council of ministers in deliberations on the German and Austrian treaties.

Wheat Needs For Europe Unchanged

OTTAWA.—Pessimistic reports on the condition of winter wheat seeded last fall in the United Kingdom and continental Europe indicate that European wheat requirements in the 1947-48 crop year may be just as heavy as in the current year, and presage "another year of shortages" in the affected countries, the Dominion bureau of statistics reported.

"Should the winter-kill prove to be of serious extent and the current wet weather further delay spring seeding," the bureau said in its monthly review of the world wheat outlook, "there may be ample grounds for assuming another year of shortages in affected countries."

"Over and above the weather factors, too, it is unlikely that all deficits of draught power, labor, suitable seed and fertilizers can be made good within the next year or two, and any lack of these items is certain to have a negative effect upon production."

"In India, a moderately good wheat crop now is being harvested, but some imports will still be required."

The report said there were no indications yet that Australia and the Argentine will seed increased acreages of wheat and it was too early to venture any estimate as to probable 1947 yields in these countries. In Canada, soil moisture conditions in the spring wheat areas were reported good but here too, it was much too early to hazard a production estimate.

"The only plausible assumption at this stage, and this is also true of Australia and the Argentine, is that the average acreage will prevail."

SEEDING GOVERNS DELIVERY QUOTAS

OTTAWA.—Trading Minister MacKinnon announced in the commons that until further notice seasonal delivery quotas necessary for wheat and other grains will be based on seeded acreage rather than the authorized acreage procedure adopted in 1941.

Wheat authorities outside the house said their interpretation of the new method indicated it would make little difference to farmers but would greatly facilitate administration.

END OF JAPAN'S HOUSE OF PEERS

TOKYO.—Japan's house of peers has formally died after a half-century of aristocratic approval of Japanese imperialism. Adjournment of the 92nd regular diet session—last under the old 19th century constitution—ended the life of the house of peers. Under the new constitution, effective May 3, it will be replaced by a house of councillors whose 300 members will be elected April 20. 2719

Price Ceilings Lifted From Long List Of Goods And Services

—Basic Necessities Controlled

OTTAWA.—The government lifted the price lid on roughly one-third of the goods and services still under control and expressed the hope that the move would bring prices "smoothly to the levels which now are appropriate."

As the house was debating the main bill to continue war-imposed controls, Finance Minister Abbott announced to the commons the fourth major step in the government's decontrol program, a step which extensively slims the controlled list.

This latest move in the direction of full decontrol, the fourth over the last year, becomes effective immediately.

In general, it removes these goods from the list of goods and services still under price ceilings:

1. All motor vehicles, all soft drinks, all coal, coke, charcoal and fuelwood and all footwear. Leather itself, as well as hides, remain under control.
2. Foods such as turkey, ducks and geese in live or dressed form, certain non-standard kinds of

sausage and some canned and cooked meats.

3. All types of candy and confectionery and cocoa beans and their derivatives and beverage preparations made from cocoa.

4. Wool in all its forms, whether in yarn, fabric or clothing.

5. Household equipment such as cooking ranges, refrigerators of all kinds, domestic washing machines, domestic sewing machines and plumbing and sanitary equipment.

6. All chemicals and plastics, end products in the paper and paper products field, many containers and packing materials and a lengthy list of construction products.

Mr. Abbott said the list of goods and services which remained under control covered many of the basic necessities of life in food, clothing and shelter.

Referring specifically to rentals, Mr. Abbott said "acute" difficulties remained and these restrictions "must" be continued.

CANADA STILL HAS TIN CAN SHORTAGE

OTTAWA.—The shortage of tin cans in Canada is still "critical", the prices board said, announcing continuation of the conservation order for metal containers.

General effect of the order, the board said, will be to continue priority for seasonable and perishable fruit and vegetable packs, fish and meat products and certain essential chemicals.

Most canned fruits and vegetables should continue in adequate supply, although supplies of many less essential products will be limited as a result of the shortage of tin and sheet steel for the manufacture of cans.

RESTORING PORTS

MOSCOW.—The Soviet ministry of merchant shipping has approved a plan to develop Russian merchant shipping this year. Black Sea and Baltic ports and a number of important shipyards are to be restored and developed and a larger freight tonnage handled.

CO-ORDINATION OF ARMED SERVICES

OTTAWA.—A further step in co-ordination of Canada's armed services was announced with the approval of a plan to pool the transport resources of the navy, army and air force.

Under the plan, announced by defence headquarters, the army will assume responsibility for the procurement, storage and major repair of vehicles and mobile engineering equipment. Each service will, in most cases, provide its own drivers and carry out maintenance and minor repairs of its vehicles.

UNITED STATES STILL CONTINUE SUGAR CONTROLS

WASHINGTON.—The senate completed action on compromise legislation continuing sugar allocation and price control until next Oct. 31. The measure now goes to the White House.

The controls would have expired if congress had not acted. The house of representatives earlier had approved the measure.

DIPLOMATIC POST—Kenneth Alfred Green, Ottawa industrialist, who has been appointed Canadian high commissioner to Australia, succeeding Mr. Justice T. C. Davis, recently appointed Canadian ambassador to China.

This Little Pig Is A Tough Little Pig

THETIS ISLAND, B.C.—Farmer Thomas Boyle's little pig is recovering from his sojourn into the wild blue yonder.

Boyle was attending to his chores when he noticed a bald-headed eagle just clearing a 150-foot tree with the little porker firmly attached to its undercarriage.

A hastily-fired shot failed to hit the bird, but it did frighten the eager eagle into dropping the piglet.

The pig bounced six feet into the air when it hit, then—you guessed it—got up and slowly walked away—unhurt.

PLAN TO ASSIST BRITISH FARMERS

LONDON.—The Daily Telegraph said the British ministry of agriculture had worked out a three-point plan to make good the devastation of floods in Britain, featuring interest-free loans and compensation to farmers, special fertilizer supplies and alternative cropping plans and an appeal for more workers on the land.

The paper said arrangements would be made for night plowing to bring land back into cultivation.

Discussion On Control Bill May Be Shortened

OTTAWA.—The possibility has arisen that the government might have to apply the rarely-used procedure of "closure"—the automatic cutting-off of a debate—to end the long discussion now brewing in the commons over the administration's omnibus control bill.

By this method, the government is enabled to bring a debate to an end within 48 hours after closure is applied.

Parliamentary sources stressed that if the government used closure it would be done only as a last resort if the debate appeared to be crowding the May 15 deadline for the expiration of the Emergency Transitional Powers act, under which the wartime controls now are being continued.

The use of closure would save the government the necessity of asking parliament for another extension of the Emergency Powers act, a request which government spokesmen already have said they wish to avoid. The act originally was to have expired Saturday but was extended to May 15.

Developments in the chamber indicate the control debate will be long and bitter and may easily extend to May 15 and possibly beyond. Thus far, the legislation has got only as far as the resolution stage and has been debated heavily every step of the way through that phase of its passage.

PRECIPITATION IN THREE PRAIRIE PROVINCES GOOD

(By The Canadian Press)

Autumn rains coupled with unprecedented winter snow storms have combined to form an advance moist bulwark against dusty drought, western Canada's grain and stock men's bane, precipitation statistics show.

The department of transport, meteorological division, reports precipitation throughout all major grain areas of the west far in excess of last year. During the period Aug. 1 to Feb. 28, precipitation in Alberta showed a 50 per cent. increase above normal. The increase in Saskatchewan was 40 per cent. and in Manitoba 16 per cent.

Twice the normal fall was registered in southern Alberta during the seven-month period while southeast Saskatchewan marked up a 60 per cent. increase. Northern sections of the latter province received a 35 per cent. boost. In north and central Alberta and southwest Saskatchewan, a 25 per cent. above normal peak was reached.

Smallest departures from former averages occurred in Manitoba with western sections receiving 20 per cent. more and eastern areas slightly over 10 per cent.

Severe snow in Alberta during November, with somewhat lighter falls across southeast Alberta and southwest Saskatchewan, brought several record precipitation marks. Four times the usual amount fell in southern Alberta, and two to three times the normal in central Alberta and southern Saskatchewan. Smaller increases ranging from 20 to 60 per cent. were registered in northern areas of Saskatchewan and Alberta. Manitoba reported small deficiencies.

Record-breaking snow storms during December, January and February greatly boosted averages in southern sections of the grain region. Jumps of 50 to 80 per cent. occurred in north and south Alberta and north and southeast Saskatchewan. The three months registered 30 to 40 per cent. leaps in central Alberta and western Manitoba.

WHALING FLEET JUNKED AT COAST

VICTORIA.—Victoria's once famous whaling fleet was destined for the junk yard following the auction sale of the five remaining vessels of the bankrupt Consolidated Whaling Corp. Ltd., here.

The Norwegian-built ships brought \$1,365 from three bidders. The ships were built 40 years ago and were originally valued at \$50,000.

Two of the purchasers said the ships would be immediately broken up into scrap. Max Lohrmeyer, representing the Deep Sea Fishing Co., said he might use his as a fishing station.

The five whalers were brought around the horn from Norway 40 years ago and for many years did extensive whaling off the British Columbia coast.

TAKES JOB IN JAPAN

BOYS TOWN, Neb.—Rt. Rev. Edward J. Flanagan, founder and director of Boys Town, is leaving for Japan, to serve as consultant to the Japanese government on a child welfare program, now being developed.

Silk culture has flourished for more than 4,000 years.

"DUST BOWL" BECOMES RAGING TORRENT, FIVE DIE—Floods in Western Canada have taken five lives, and the usually dry southern Alberta, the southern route of the Trans-Canada highway at Barnwell, 30 miles from Lethbridge, became a raging river, submerging fields and forcing families to flee. When the water hit the C.P.R. line, 100 feet of track were washed out. Here torrent rages through railway line.

PEACE DEPENDS ON INDIANS, NOT BRITISH, IS VIEW OF MOSLEM LEADER JINNAH—Hopes for peace and unity in India now depend largely on the Indians, in the British view. M. A. Jinnah, Indian Moslem leader, left, agrees and has tried to stop recent Hindu-Moslem violence. Sir Stafford Cripps, right, largely responsible for Britain's independence plan for India, now seeks revision of empire trade as political relations change.

MY WEEK

by R. J. Deachman

I attended a meeting the other day at which the subject for discussion was, "What should be our attitude to Russia?"

It was one of those peculiar meetings in which we never reached the subject.

The man who introduced the topic moved off at a tangent. He told of low wages in different sections of Canada and suggested that if something were not done about it we might have in Canada, in a few years, a new form of government which, as near as I could glean, might be something of the type now existing in Russia where average standards of living are approximately one-fifth those of Canada. Some move in a mischievous way to attain their ends.

Well, that is rather interesting, but why should we want to adopt the Russian form of government in order

to get high wages is more than I can possibly tell. Our production per man is very much greater than that of the average Russian worker. True they have been through the war, so also have we, so has the United States. Still production per man in either Canada or the United States is incomparably higher than that of Russia, and production determines wages. In fact Russia is trying her best to borrow several billions from the United States to improve her methods of production. The idea is that she might copy capitalism and grow rich.

Once upon a time I checked up on the collective farms in Russia. The number of men employed averaged one to every fifteen acres, roughly forty to a section (640 acres). How would the western Canadian farmer like farming under these conditions.

Russia speaks of her own system as being a higher form of democracy than ours. If we had their form of government and one of our parties was in control we would have no choice, we would vote for one party

and while they may, in Russia, tolerate an odd man throwing in a vote for another candidate its not a healthy thing to do, the limitation to tolerance is very narrow.

Then what are we to make of this statement which appears in the April 1947 issue of The Readers Digest. It entitled "The Truth About Soviet Russia 14,000,000 Slaves". It was written by Max Eastman, a well known writer. I give only one paragraph:

"There are today at least 14,000,000 slaves in the forced labor empire of the Soviet Union. They live in corridors surrounded by stockades topped with barbed wire, watched day and night by riflemen in turrets with powerful searchlights and packs of dogs to pursue runaways. They do the heaviest possible outside labor."

through scientific management and planned afforestation. This program which has been adopted by the Province of British Columbia should be the program of America. We have talked a lot about conservation but here is real conservation. Properly carried out it will help much to increase the standard of living and prosperity in the Province of British Columbia.

It should be applicable not only to lands, minerals and forests, but to wild life and all other things which help to enrich the nation.

By the way, what has happened to our "Gold Eyes", those delicious fish now absent from our menus. I mentioned them in a previous article. I haven't run across one since. Are they going to return or have they gone forever.

These People Know

What
SAVING
Means...

451,726 NEW DEPOSITORS
CHOOSE THE B of M

Nearly half a million Canadians began saving at the Bank of Montreal during the war years. Today, the B of M family of depositors has well over a million and a half members.

Many of our customers know this: what they can spare today they may need tomorrow. So—bit by bit—their nest-eggs grow.

These are the people who have been fighting the battle of inflation—doing a good turn for their

country and a good turn for themselves.

These people know what saving means—they know that growing dollars mean growing confidence—that a "backlog" in their bank account is the first step to achieving personal independence and to getting those things they want most.

Why not follow the lead of more than a million Canadians and begin saving now at the B of M?

Victor Kravchenko, author of "I Choose Freedom", once a Moscow official, estimates the number at 20 million. Is this true? I do not know but I do know this: We have no means of finding out. Is there any other country in the world of which this could be said? If so where is it. Equally strange: Why doesn't Molotov or someone in authority say something about it? The answer is that it is a forbidden topic, something not talked about in Moscow.

I saw an advertisement in the March issue of "The New York Times" which deserves particular comment. It was an advertisement of the

Celanese Corporation of America. In this announcement it told that the Government of British Columbia has reserved a large area of forest land bearing types of timber best suited to the making of high purity celanese. The new program of the Government of British Columbia calls for self-perpetuating timber resources

IMPORTANT GOVERNMENT NOTICE

Respecting Price Control

The following is a convenient summary of Board Order No. 711—published for the guidance and protection of Canadian consumers. It does not give the full legal text. For full details of the law reference should be made to the Order.

READ THIS AND KEEP FOR EASY REFERENCE

Summary of

GOODS AND SERVICES REMAINING SUBJECT TO MAXIMUM PRICE REGULATIONS

As set forth in Wartime Prices & Trade Board Order No. 711—effective April 2, 1947

FOODS

- All flours, flour mixes and meals.
- Yeast.
- Bread, bread rolls, and bakery products.
- Biscuits, except those completely covered with chocolate.
- Processed cereals, cooked or uncooked, including breakfast cereals, macaroni, vermicelli, spaghetti, noodles and other alimentary paste products.
- Rice, excepting wild rice.
- Pot and pearl barley.
- Shelled corn, but not including popping corn.
- Dried peas, soy beans, dried beans except lima beans and red kidney beans.
- Starch.
- Sugar, cane sugar, corn syrups, grape sugar, glucose.
- Edible molasses.
- Honey.
- Tea, coffee, coffee concentrates.
- Malt, malt extract, malt syrup.
- Black pepper and white pepper, and substitutes containing black or white pepper.
- Butter.
- Casein.
- Cheddar cheese, processed cheese and cream cheese.
- Concentrated milk products of all kinds.
- Ice cream.
- Salad and cooking oils.
- Salt.
- Fresh apples — 1946 crop.
- Raisins, currants, prunes, dried dates, dehydrated apples.
- Tomatoes, tomato sauce, tomato paste, tomato pulp, tomato puree, tomato catsup, chili sauce, when in hermetically sealed cans or glass.
- Canned pork and beans, canned spaghetti and canned soups.
- Canned corn, canned peas, canned beans excluding the lima and red kidney varieties.
- Canned apricots, canned peaches, canned pears, canned cherries, canned plums.
- Fruits and vegetables in the two preceding items when frozen and sold in consumer size packages.
- Jam, jellies, marmalades.
- Meat and meat products, not including game, pet foods, and certain varieties of cooked and canned meats.
- Sausage casings, animal and artificial.
- Live, dressed and canned poultry (but not including turkeys, geese or ducks, live, dressed or processed; poultry spreads, poultry steaks and poultry in pastry or pie crust).
- Canned salmon, canned sea trout, canned pilchards of the 1946 or earlier packs.
- Edible animal and vegetable fats including lards and shortenings.

CLOTHING

- Men's, youths' and boys' coats, jackets and wind-

breakers made wholly or chiefly of leather.

- Men's, youths' and boys' suits or pants made wholly or chiefly of cotton or rayon.
- Men's, youths' and boys' furnishings as follows:—Houses, collars, pyjamas, nightshirts, underwear, other than that made wholly of wool; dressing gowns, other than those made wholly of all-wool fabric; shirts, including sport shirts other than those made wholly of all-wool or all-rayon fabric.
- Women's, misses', girls', children's and infants' garments of all kinds (but not including—(a) garments made wholly of all-wool fabric, (b) raincoats, or (c) jackets and windbreakers, except when made wholly or chiefly of leather).
- Women's, misses', girls' and children's accessories as follows:—dickies, bibs, halters, neckwear, collars, cuffs and aprons.
- Knitted wear for either sex as follows:—undergarments, other than those made wholly of wool; circular knit hosiery of cotton or rayon.
- Work clothing, including aprons for either sex, when made wholly or chiefly of cotton or leather.
- Uniforms for either sex.
- Gloves, gauntlets and mitts for either sex when made wholly or chiefly of cotton or leather, except those designed as specialized sports equipment or for specialized industrial uses.
- Braces; foundation garments, but not including surgical corsets.
- Diapers and diaper supports.

HOUSEHOLD AND OTHER TEXTILES

- Textile products as follows, when made wholly or chiefly of cotton or rayon: bath mats, bedspreads, blankets except horseblankets, curtains, dish cloths, dish towels, drapes, face cloths, luncheon sets, napkins, pillow cases, sheets, silence cloths, table cloths, throw-overs, toilet seat covers, towels, wash cloths, window blinds, window shades.
- Floor rugs and mats chiefly of cotton.

DOMESTIC TOOLS

- Cook, cake and bakeware; until April 16th, 1947.

HOUSEHOLD EQUIPMENT AND SUPPLIES

- Furnaces, fire-place heaters and other heating equipment except portable electric heaters.
- Jacket heaters and other water heating equipment.
- Soap and soap compounds.

MOTOR VEHICLE ACCESSORIES

- Pneumatic tires and tubes when sold for the purpose of or as original equipment on agricultural machinery.

CONSTRUCTION PRODUCTS

- Lumber of all kinds.
- Millwork such as doors, sashes, windows, stairs and gates.
- Plywood and veneers.
- Pseudo-lumber products designed for use in residential or farm buildings, but not including fully pre-fabricated buildings.
- Gypsum board and gypsum lath.
- Wallboards and building boards.
- Cast iron soil pipe and fittings.
- Nails.

AGRICULTURAL MACHINERY, IMPLEMENTS, EQUIPMENT AND SUPPLIES

- Practically all items of farm machinery, including planting, seeding and fertilizing equipment, plows, tillage implements and cultivators, haying machinery, harvesting machinery, tractors, wagons, dairy machines and equipment, sprayers and dusters.
- Articles of harn and barnyard equipment.
- Incubators, brooders, poultry feeding and watering equipment.
- Stationary gas engines.
- Harness and harness hardware.
- Barbed wire and other fencing wire and fences.
- Binder twine.
- Wheelbarrows.
- Feeds and feed products of all kinds except horse meat, pet foods, straw, clean shell and poultry grit.
- Fertilizers of all kinds, but not including humus, manure, sphagnum moss or peat moss.
- Gopher poisons.
- Seed beans and seed peas.
- Grains as follows:—wheat; barley; oats; flaxseed; buckwheat; rapeseed; sunflower seed; grain screenings.

RAW AND PROCESSED MATERIALS

- Elastic iron and steel products and alloys, including iron, cast iron, scrap, ingots, bars, pipes, rods and wire.
- Primary, secondary and fabricated iron forms of the following non-ferrous metals and their alloys: copper, lead, tin and zinc.
- All iron and steel, including Vitrolite A, etc., of animal, vegetable or marine origin having packing refined industrial and food.
- Glass stock, glass and adhesives of animal origin.
- Starches.
- Fibers, raw or processed, as follows: cotton, hemp, jute, sisal, all synthetic fibres and filaments excepting glass.
- Yarns and threads of, or containing any of the fibres listed above.
- Fabrics, over 12 inches in width whether knitted or woven of, or containing any of the yarns and threads referred to above.

- Sewing, embroidery and crochet yarns, threads and floss of any of the yarns and threads referred to above.
- Bobbinet, dress and curtain nets and netting.
- Elastic yarns, fabrics and webbing.
- Hides and skins from animals of a type ordinarily processed for use as a leather.
- Leathers and synthetic leathers of all kinds.
- Sheepskin shearings, tanned, but not further processed than combed or sheared and coloured on the flesh side.

PULP AND PAPER

- Wastepaper.
- Wood pulp, except (a) dissolving grades, (b) "alpha" grades of bleached sulphite, (c) "Durocell", (d) groundwood and unbleached sulphite grades sold for the manufacture of newsprint or hanging paper.
- Newsprint paper except when sold by manufacturers thereof.
- Paper board used in the manufacture of solid fibre or corrugated shipping cases.
- Boxboard grades of paperboard, except for wrapping newsprint paper or making newsprint cores.

CONTAINERS AND PACKAGING MATERIALS

- Containers, packaging and wrapping devices of a type used for the storage or shipment of products, when made from a textile fabric and including bags, cases, envelopes, folders and sacks.

SERVICES

- Transportation of goods and services associated therewith.
- Warehousing; dry storage of general merchandise and household goods other than wearing apparel; cold storage, including rental of lockers and ancillary services such as processing charges in cold storage plants.
- Supplying of meals or refreshments for consumption on the premises, the supplying of beverages (except alcoholic beverages) by purveyors of meals or refreshments, the supplying of meals with sleeping accommodation for a combined charge, but not including the supplying of meals, refreshments or sleeping accommodation by an employer to his employees, directly or through a contract agent.
- The packing or packaging or any other manufacturing process in respect of any goods subject to maximum prices, when performed on a custom or commission basis.

USED GOODS

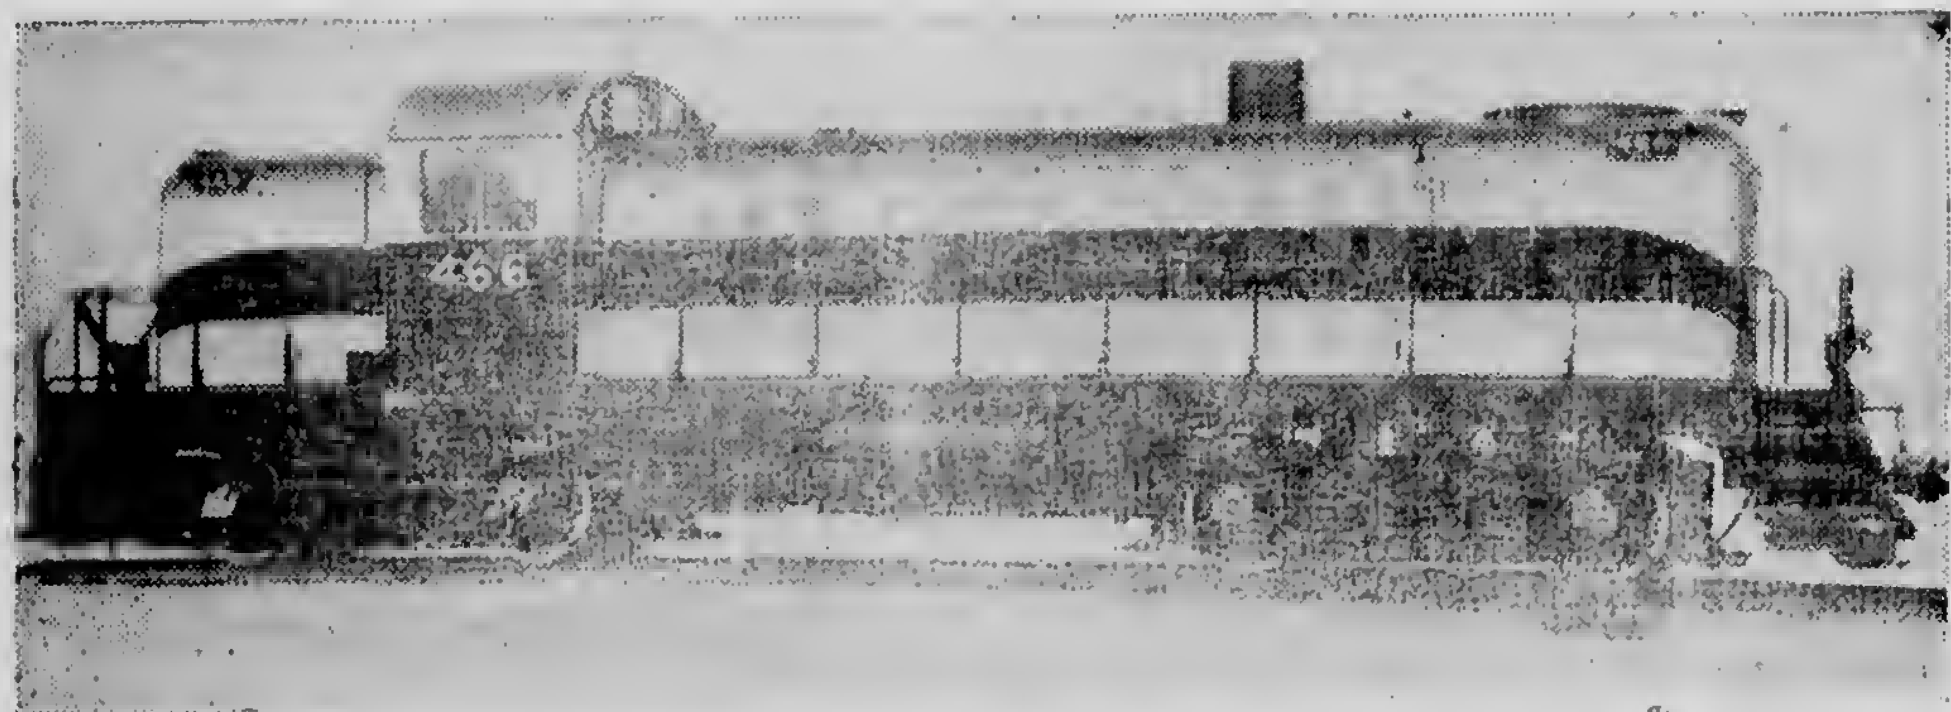

- Used bags and used bagging and baling material.

Any material shown above processed for incorporation into, or any fabricated component part of any of the above goods is subject to maximum prices.

Also any set which contains an article referred to above is subject to maximum prices even though the remainder of the set consists of articles not referred to.

DONALD GORDON, Chairman.
Wartime Prices and Trade Board.

THE WARTIME PRICES AND TRADE BOARD

FOR CANADIAN PACIFIC TEST: Pictured above is a 1,500 horse power diesel road engine of the type which will be tested early in April under actual traffic conditions by the Canadian Pacific Railway. The

locomotive can be used singly or in connected units of two or three, developing full 4,500 horse power in the latter case. Future of the steam powered "iron horse" in Canada may well depend upon results of these tests. The Canadian Pacific is already turning heavily to use of diesel locomotives for yard use throughout the system.

Only such creatures as ostriches can afford to "gobble" food. Doctors warn that thorough chewing is necessary to ensure proper digestion, and to get the most out of what we eat.

They point to experiment carried out in an English nursery school

where it was found that 25 to 25 minutes is required for a meal for young children. The authorities also advise eating in serenity, with a minimum of chatter and chatter.

In addition to 8,000 Scouts from the British Empire, it is expected that representative contingents of Scouts from forty other countries will be present at the Sixth World Jamboree which is being held in France this August.

HISTORY OF RAYMOND

By ELIZABETH KING

And when the century has rounded out its cycle

In this now blessed Western land
Where once the Indian hunted his wild game

And where our own brave pilgrim band, into the black and sterile desert came

Then when you, being known as authors, doctors,

And men of world wide note
Shall look upon God's temples, beautiful vast halls of fame,

And costly works of art,
Forget not then the founders and,

with true ancestral pride
Remember these achievements are but their promise verified.

E. B. Wells.

This noble thought of the labors, of the trials, and the achievements of Utah's pioneers inspired every effort of the celebration which was held July 22, 23 and 24, (1922) in honor of the commonwealth's birthday and the few survivors of the gallant band of men and women who entered the Salt Lake Valley in the year eighteen hundred and forty seven.

During the seventy-fifth anniversary celebration—the Diamond Jubilee of Utah's founders—a roll call was made of the survivors of those who entered the valley in 1847 and no less than 67 responded to the call. On this occasion President Grant asked if there were any present who came across the plains in hand carts and three arose in response. President Grant also introduced Lorenzo Zobriske Young, aged 81, the only survivor of the original band of pioneers who left winter quarters in the spring of 1847, under the leadership of Brigham Young and whose arrival in the Salt Lake Valley July 24 gave Utah its birthday. **THE CENTENNIAL**
This year—1947—is the Centennial

the one hundredth anniversary of that gallant little band of men, women and children who stopped at the head of Immigrant Canyon and looked over the barren desert of what is now Salt Lake City. Here it was that their leader, Brigham Young, raised up from his sick bed and uttered those memorable words "This is the Place"

This first company comprised 103 men and boys, 3 women and 2 children with 72 wagons, 93 horses, 5 mules, 66 oxen, 19 cows, 17 dogs and some chickens.

Since most of Latter Day Saints are descendants of those sturdy pioneers it is fitting and appropriate to pause, contemplate and rejoice in making this a season of prayer and thanksgiving for blessings received through the sacrifices they made. Hearts will be stirred with deeper gratitude and reverence for those who blazed the way and subdued the land and thus made all things possible and beautiful to those who now enjoy life.

Heroes they were

This eager questing line
Of men, who perished in a cause divine.

Of women, fragile instruments of fate
To usher in a new race strong and straight

A tribute of gallant leaders still unbowed,
Of these am I, why should I not be proud?

Rosannah J. Cannon

After 100 years, the Church has grown from 6 members to 1,000,000. 2,000,000 copies of the Book of Mormon have been sold. The Church has been enlarged to 168 stakes and 1,200 wards. There are 42 missions and hundreds of branches.

At present there are 5,000 mission-

**STIRLING
NEWS NOTES**

By Mrs. Lief Erickson

Mrs. Selma Wilcox left on Monday's train for Mt. Pleasant Utah where she expects to spend the next six months.

Mr. and Mrs. Ned Woodruff of Picture Butte spent the Easter week end at the home of Mr. and Mrs. Lyman Hardy.

The annual High School Easter Prom was held in the community hall on Thursday evening. The hall was tastefully decorated for the occasion and the party was a delightful affair. The "Knights of Rhythm" was the orchestra in attendance.

Mr. and Mrs. Ken Peterson are receiving congratulations on the birth of a baby boy.

Mrs. L. Pengilly was a week end guest here from New Dayton.

Miss Ireta Brandley entertained the "younger set" at a birthday party on Saturday evening. Bunco was featured, prize for the high score going to Louise Nilsson and consolation to Joanne Erickson. The guest of honor received many attractive gifts. Mrs. Brandley served a tasty lunch.

Mr. and Mrs. Mills Johnson are spending the Easter holiday week at Barrwell and Taber.

Mrs. Dan Michelson entertained a group of young boys and girls at a

Health LEAGUE of CANADA presents TOPICS of VITAL INTEREST

It has been said that teeth are like wives. Neglect them and you are headed for trouble.

That's worth remembering, for tooth health has its effect on the entire body. A decayed tooth if neglected may lead to chronic, serious or even fatal illness.

Authorities say that candy, sugar, cakes, pastry (the refined carbohydrate foods) seem to be the greatest sources of food decay. Such foods should be used in strict moderation. On the other hand uncooked foods such as green vegetables, raw fruits and dairy products, are good for the teeth. They are rich in mineral elements. Meat, eggs and whole wheat products also are needed.

After diet comes exercise. Teeth need exercise to be healthy. Vigorous chewing does the trick.

Cleanliness is most important, too. So, remember—

Teeth should be brushed after every meal.

Use a small toothbrush with well-separated bristle tufts.

Dental floss or cotton thread drawn between teeth helps to remove food particles.

Upper teeth should be brushed downward, lower teeth upward. Brush vigorously top surface of back teeth.

Mouth should be washed out with clean water.

Periodic examinations by a dentist are essential—twice a year at least.

Pair Described As "Selfish" Gave Away \$80,000,000

HOUSTON, Tex. — Hugh Roy and Lillie Cullen, describing themselves as selfish people, gave away \$80,000,000 recently. The money will be used to establish a foundation for the purpose of aiding educational, medical and charitable institutions. Cullen said they were giving their money because "We are both that selfish that we wish to see our money spent during our lifetime, so that we may derive great pleasure from it."

Mr. and Mrs. Cullen's gift is in the form of oil properties containing some 30,000,000 to 40,000,000 barrels of oil, estimated to be worth \$2.10 a barrel.

Rommel's Fortune Vanished In Tunisia

MILAN. — A 10,000,000,000 lira (more than \$44,000,000) desert army hoard of Field Marshal Erwin Rommel, Hitler's desert commander, has vanished from a sand dune in Tunisia, it was reported.

The Milan evening paper Milan Sera quoted a returned Italian prisoner, Vincenzo Lana of Verona, as saying that when the landing of Allied troops in Tunisia was imminent, retreating German soldiers hid the desert army money in a gasoline tank. The tank then was buried under a sand dune.

The newspaper said Lana, later taken prisoner by British forces and repatriated when the war ended, obtained permission to land in Tunisia with French officials.

But on arrival in Tunisia, the newspaper said, the treasure was not in its hiding place. 2719

WORLD HAPPENINGS

BRIEFLY TOLD

Canada's unemployment insurance balance at the end of last year amounted to \$362,093,781, the Labor Department announced.

Prince Philip of Greece has been granted British naturalization under the name of Philip Mountbatten, the London Gazette announced.

Administration of food and agriculture in the British and American zones of Germany has been transferred to German hands.

Increased value payments to bombed-out Britons which will cost the treasury an additional £50,000,000 (\$200,000,000) were approved by the commons.

Likelihood of an increase in the price of milk distributed in British Columbia was forecast by Agriculture Minister Frank Putnam.

External Affairs Minister St. Laurent announced that Canada plans to build two low-frequency, long-range radar stations in her far-north this summer as aids to aerial and marine navigation.

Rear Admiral Richard E. Byrd said that New Zealand plans a South Polar scientific expedition and has invited American scientists to co-operate in projects there.

A prize of £330 (\$1,320) was awarded a London architect who designed a new-type shelter which will be installed at bus stops as soon as it can be manufactured.

Letters and letter packages up to one pound in weight can now be mailed to any destination in Germany, the postal department has announced. Air mail as well as surface mail service is provided.

MAPLE SYRUP YIELD BEST IN YEARS

If you like lots of maple syrup on your pancakes (and who does not) you may be able to apply it more liberally this year. Now that the sap is running again in the maple sugar bushes of Ontario, there are early signs that the yield will be the best in years.

A Canadian Press survey shows that production in 1947 may come close to that of pre-war years when Ontario produced an average of 550,000 gallons annually in the five-year period, 1935-39, then slipped to a low of 124,000 gallons in 1945. Last year the total was 236,000 gallons.

Total production this year may be between 400,000 and 450,000 gallons, said an Ontario department of agriculture official. He also told the Canadian Press: "Your guess is as good as mine."

OUR COMPLETE SHORT STORY—

"GYPSY GOLD"

By LILLIAN M. MITCHELL

"GOSH, Julie! You are easy—giving that gypsy gal a five dollar bill for that! Gypsy gold! If that's gold, I'm a busy blonde. But if it should turn the trick, let me have it next, eh?"

Julie Davis nodded. "I didn't buy it from the gypsy. I just crossed her palm with 'gold'—and that in the old days would have been five dollars. But it won't do all the work. She said to do all I could myself and then leave the rest to gypsy gold. Well, me, I'm going downstairs to the drug store and buy a big bottle of perfume and Anthony—he does like fragrance, Cordelia. Men do."

"Sure. Men do. Even rich fellows like Anthony who waste three years of a gal's time. I give up. He likes you. He has plenty to marry on. But maybe you've let things drag. A girl has to help some, you know."

Julie looked out the office window. "Yes, I've just waited. Of course it wouldn't be any use to run after Anthony. He wouldn't have one of those hold girls. But me—I haven't done a thing to get him to the point. I'm going out this noon, Cordy, and get a big bottle of that May Dawn perfume and a new hat and new gloves and shoes and a snappy little collar and cuff set—"

"Sny! You're going to spend all your savings?" asked Cordelia.

"I am, Cordy. I'm going to make every effort myself and leave it to gypsy gold to do the rest just as the gypsy girl told me."

At five that night Julie was prompt in leaving the office. Because it was raining, the other girls all stayed at their desks a few minutes to put everything in order. Julie, though, tripped gaily out of the elevator and towards the magazine counter of the office building entirely aware of her new coat and shoes and gloves, her nose well aware of the expensive perfume that surrounded her like an aura.

"You don't look as if the weather had you 'downed', Julie," Anthony greeted her in amazement. "Yours has been the only smiling face to come out of any elevator in the ten minutes I've been waiting. Kind of doped up, aren't you? Want a cab?"

But as usual on rainy nights, no cab was to be had and so, shoulder to shoulder, they walked along cheerily until they came to a sidewalk grating that permitted a basement fan to get air. The heels of the new shoes slid unexpectedly between two of the metal strips.

"Ooo-o-oh!" screamed Julie.

Anthony, both arms about her firmly, held her upright. "I have you, Julie. You're not hurt, are you? You didn't turn your ankle?"

Julie shook her head and stood her ground firmly, her eyes searching down in that dark space beneath the sidewalk grating. "I'm all right but I

lost my gypsy gold piece," she said disconsolately.

He laughed. "Well, if that's all you lost, that's nothing!"

"Nothing?" she eyed him wide-eyed. "Nothing? Why, Tony, it's everything, that gold piece. It's gypsy gold, Tony."

"Well, there's no way of getting down in there to get it. Baby. This grating is in for keeps and there's no opening in the basement except the ventilator fan. Come on."

Julie shook her head stubbornly. "I'll have to get down and fish it out again, Tony. I—I just have to get my gypsy gold."

Obligingly he got down on all fours and peered down into the dark hole. He borrowed an umbrella from a passerby and poked the glittering gold piece this way and that fruitlessly. Then the passerby with a glance at his watch said he must get along and Anthony returned the umbrella.

"Come on, Julie," he said coaxingly. "We can't get the thing out. It's in there for keeps. Come on, dear."

Julie only shook her head. "I—I paid five dollars for it, Tony. That is, I didn't really pay five dollars but I crossed the gypsy's hand with gold before she gave it to me. I—I have to have it, Tony."

"Well, great suffering cats!" he exploded turning up his coat collar, "if this thing was so darned valuable to you, why didn't you put it into your banding instead of carrying it out loose in your glove! And such slippery gloves, too!"

"Glee," murmured Julie softly, her eye seemingly glued to the gold piece below.

"Mister, we'll get the thing if you'll give us a half dollar for the job," said two newsboys.

"Go to it, kids," said Anthony heartily. "I'll make it a dollar if you're done in five minutes."

Speedily the boys thrust chewing gum into their mouths; grinning at each other they put the damp gum on the end of a long stick and poked.

"You're a useless little thing," Anthony said huskily to Julie as they waited and watched.

She turned her eyes up to his.

"Gee, you're a honey," he told her.

"You smell so sweet and fragrant and you're such a little insect—losing that gold piece like that! What you need, Baby, is someone to look after you and your possessions. Suppose I hadn't been along now? Juli, Baby, are you going to give me the job?"

"What job?" she asked him gently.

"Of being your husband and looking after everything for you," he murmured.

She nodded meekly at the same moment the little boys handed Anthony the gold piece. He gave them a dollar and looked curiously at the gypsy gold.

"That girl sure skinned you, Baby," he told her. "This is just brass, common brass."

She held out her hand for it smilingly. "Gypsy gold," she said. "The gypsy told me it was. Oh, hello, Cordy dear! What? My eyes look bright? Do they? Here, Cordy, is that piece of gypsy gold you wanted. I don't need it any more, you see."

"Well, I'll be confounded!" ejaculated Anthony in amazement as Cordelia passed along the wet street with the gypsy gold in her pocket. "I didn't know I was getting it for her! I never especially liked her anyhow. I thought I was getting it for you, Baby. What's that? You don't need it? Well, girls are certainly hard to understand. I'll say. There's only one thing that is easy, to understand and that is, you need me to take care of you, Julie. When do I get the job, eh?"

And Julie, blissfully unaware that the new coat was damp and the pretty collar set already crumpled, looked up at him, the fragrant odor of May Dawn still clinging to her as if its work was yet to be done instead of already accomplished.

(Copyright Wheeler Newspaper Syndicate)

Deer Will Dance If Provided Music

LINDSAY. — According to M. H. McCallum, of Fenelon Falls, deer like music. So much, in fact, that they will dance if someone obliges with a tune. If you want to prove it, says Mr. McCallum, take your harmonica into the woods, approach a deer and give forth. The deer will dance. It's that easy.

An early Roman writer tells how the Gauls of France made soap with tallow and wood ashes.

SIGHTED WOLF—SHOT SAME—First wolf Mrs. Archie Patterson ever saw is the one she killed with one shot from a .22 rifle, 100 yards from home, near Wiarton. Wolves are numerous in the area.

OYSTER IS THE "BETTER" MOUSETRAP — At last... a better mousetrap! In Courtney, B.C., a man picked up a sackful of oysters recently and brought them home. He left them on his porch overnight and one oyster apparently opened up for a breath of air and a look around. An inquisitive mouse investigated—snap. It was the long-sought better mouse trap but the discoverer refuses to divulge his name and shows no anxiety to have the world beat a path to his door.

Fashions

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave., E., Winnipeg, Man.

Good Advice On Care Of Piano

Piano experts warn against keeping your instrument near any heating unit or in the direct rays of the sun. Like any fine furniture, the wood surface needs occasional cleansing to remove all accumulated wax and polish. Use a soapy cloth, well wrung out, and follow with a damp cloth wrung out of clear water, covering only a small area at a time when you work. Then wipe completely dry before applying new wax or polish. A small bag of camphor hung inside the piano helps prevent moths from destroying the felts. Have your instrument tuned and checked by a good service man at least once a year.

Cantaloupes are rich in vitamins A and C. 2719

Duck Quite Duckie

OTTAWA.—Ever hear of personality keeping a duck out of the roasting pan? That's the life history of Dickie, well-footed pet of Mr. and Mrs. Svend Gilberg of Ottawa.

The Gilbergs bought Dickie in the summer of 1939 with the idea of fattening him up for a Sunday roast later in the winter. But they didn't count on Dickie's personality.

Dickie's learned to caress the boss with his beak, to swim with the Gilberg children and to purr when they rubbed the back of his neck. He even got himself housebroken.

"WARSPITE" STEERING WHEEL GIFT TO NORWAY'S KING

OSLO.—The steering wheel of the 30-year-old British battleship Warspite has been presented to King Haakon of Norway as a gift from King George and the British people.

There are 206 distinct bones in the ordinary adult.

Northern Airports Will Be Valuable

Only yesterday it seemed that places like Southampton Island, Froisher Bay, Goose Bay and Gander were destined always to remain lonely outposts, to be reached from "outside" only during the brief summer. But tomorrow—sooner than we think—they may be division points along one of the world's main traffic routes. While these northern airports are certainly no bargain just now from a commercial point of view, they are far from valueless national assets even today. And they may well become self-liquidating in the commercial sense before many years pass.—Winnipeg Tribune.

AREA OF JAPAN

The area of Japan proper, including the islands of Honshu, Shikoku, Kyushu and Hokkaido is less than the state of California. The islands cover 147,707 square miles.

JUST A LITTLE TOO MUCH

ISLAND FALLS, Man. — Andre Laurin, a fisher and trapper in the district for many years, discovered the ordeal of getting married was too much for him. He uttered the words that changed him from bachelor to benedict and then fainted in the arms of the bride and the best man.

Badghiz (home of winds) is a district in northwest Afghanistan.

R. Siewert of Wrentham, live stock dealer, purchased from R.T. Graham of Raymond, a carload of the finest steers that has been shipped from Southern Alberta feed lots this year, at a price of \$15. per hundred. The cattle were shipped on atthrough billing to Vancouver.

CARD OF THANKS

We wish to express our sincere appreciation to Dr Walker and the staff of the Municipal hospital for their many kindnesses extended; also the ladies of the L.D.S. Church and Mr. and Mrs. Wm. Wilde for their thoughtfulness during our recent bereavement.

Mr. and Mrs. R. Maxwell

"A Night in Paradise" now at the Capitol. Playing Saturday starting 7 p.m. It will truly be a night you will always remember.

When Howie Meeker of the Toronto Maple Leafs recently visited a Toronto Scout Troop and answered questions about hockey players it was learned that several of the Leaf Players are former Scouts. Syd Apple was a Scout in Paris, Ont., Gus Morrison was a Cub and Scout in Highland Lake, Syd Smith was a Scout at Essex Street School in Toronto and Howie Meeker was a Scout in Kitchener.

PLAY BILL MISTAKE

Due to circumstances beyond our control the name of Doris Court, in the role of Lady Julia Marden was left off the playbills which are now in distribution. The play is "Mr. Cinnamon Passes By". The dates are Thursday and Friday, April 17 and 18th. We regret very much that the mistake happened.
